[Click Here! Tycoon World Of Warcraft Gold Addon](#)

Gathering

The Gathering Module will give you a list of the most profitable items. You'll discover lower level items that make more gold than even the max level mats everyone assumes are the best to sell. Often times these lower level items have no competition, and that means you can charge much higher prices.

Choose the highest profit items from the list and we'll show you highly optimized gathering routes that lead you over the densest node locations.
